## Week1:

| Time/Day         | Tue<br>(16/07) | Wed<br>(17/07) | Thu<br>(18/07) | Fri<br>(19/07) | Sat<br>(20/07) | Mon<br>(22/07) | Tue<br>(23/07) | Wed<br>(24/07) | Fri<br>(26/07) | Sat<br>(27/07) |
|------------------|----------------|----------------|----------------|----------------|----------------|----------------|----------------|----------------|----------------|----------------|
| 10:30 – 11:30 AM | Xiaomin        | Yijing         | PanDongni      |                |                |                |                |                |                |                |
| 11:30 – 12:30 AM | Lindy          |                |                |                |                |                |                |                |                |                |
| 12:30 – 01:30 PM | А              |                |                |                |                |                |                |                |                |                |
| 01:30 – 02:30 PM | Hanyu          | Jiaqi          |                |                |                |                |                |                |                |                |
| 02:30 – 03:30 PM |                | Yongming       |                |                |                |                |                |                |                |                |
| 03:30 – 04:30 PM | Huixin         | Christie       |                |                |                |                |                |                |                |                |
| 04:30 – 05:30 PM | Hanxue         | Qiaozhiling    |                |                |                |                |                |                |                |                |
| 05:30 – 06:30 PM | YuXinyang      |                |                |                |                |                |                |                |                |                |
| 06:30 – 07:30 PM |                |                |                |                |                |                |                |                |                |                |
| 07:30 – 08:30 PM |                |                |                |                |                |                |                |                |                |                |

# Workflow

#### **Beginning:**

- Recording camera checkup on ispy
- Camera calibration
- Matlab program checking (with subject data)
- Starting acqknowldege (with first instance)

#### Hi Subject:

- Singing the paper
- Start acqknowledge recording
- Start camera recording
- Start matlab app stimuli

## **Finish collection:**

- Stop recording camera
- Stop recording acqknowledge
- Stop matlab

## Finalize data:

- Save camera data
- Save collected data
- Save acqknowledge data by:
- Copy event and setting data in journal
- Save acq graph as .acq, .txt and .mat
- Save journal as .jcd and .xls
